Dr. Rama Krishnan is a Senior System Analyst at Lockheed Martin Information Technology group working on the Department of Homeland Security (DHS) Biometrics Program. He has served as the technical lead for several biometrics projects including benchmarking of fingerprint matchers, evaluation of new technology fingerprint scanners, and research studies on biometric technology.

Dr. Krishnan has worked in the area of biometrics technology and identification applications for over 25 years. He has extensive experience in the design and development of fingerprint based biometric identification systems for a variety of commercial, government, and law enforcement applications during his tenure at Fingermatrix Inc. and Saflink Corporation. Dr. Krishnan has Masters and Ph. D. degrees in Electrical Engineering from Polytechnic Institute of Brooklyn, New York.
