Scott McCallum has been with the Pinellas County Sheriff's Office for 2 years. He is a System Analyst and dedicated to the Facial Recognition (FR) Project.

As the System Analyst for the Facial Recognition Project, Mr. McCallum leads with implementation, enhancement, and maintenance of all FR systems throughout the Sheriff's Office. These systems include a new mugshot booking application which uses Facial Recognition from the time a new inmate is brought into the jail, throughout processing, and even at release from jail.

Other systems related to the Facial Recognition Project include the installation of FR "Watch" systems installed at the Saint Petersburg / Clearwater International Airport, Pinellas County Jail Visitation Center and Criminal Justice Center.

Mr. McCallum holds a Bachelor's Degree in MIS from the University of South Florida.
