Rob Walker is currently the Project Manager at the Defense Information Systems Agency for the Department of Defense's Global Information Grid (GIG) Enterprise Services (GES) initiative.

Mr. Walker has been with DISA for the past two years. His positions there have included program manager for the Common Operating Environment (COE) and most recently the PM position with GES. Prior to DISA he had spent the two years in industry where he was responsible for operations in a small company supporting DoD systems engineering. He served 21 years as an Officer in the United States Navy specializing in the acquisition, software engineering and system production of defense command and control and weapons systems.

Mr. Walker earned a BS in Education from Mayville State University and holds Masters degrees in Computer Science from the Naval Postgraduate School and Business Administration from Strayer University.
