CEO

A4Vision

840 West California Ave. Suite 200
Sunnyvale, CA 94086
Phone: 408.446.1133 info@a4vision.com

Biography: Grant is a seasoned senior executive with over 20 years of operating experience at building start-ups through to private multi hundred million dollar operations and publicly traded companies. He has a broad basis of operational experience that includes M&A, capital fund raising both in the venture, corporate and public sector, sales and marketing, business development and general management.

Currently Grant is the Chief Executive Officer and board member of venture backed A4Vision. The company provides 3D imaging identification of facial and objection classification. The company is headquartered in Sunnyvale CA, with offices in Geneva Switzerland and Moscow Russia.

Before joining A4Vision, Grant served as the Executive Vice President at Identix, a publicly traded NASDAQ company and global leader in the security market. His responsibilities included Corporate Development Global Strategy as well as management of the companies IT Security products divisions. Under Grants leadership, the company was recognized as the global leader for biometric network security by multiple IT industry analysts such as Gartner and IDC.

Prior, he was VP of Identicator Technology and was responsible for leading the company's strategic direction in launching the commercial market products and establishing the ability for merging the company with Identix. He led Identicator to implementing global sales distribution into 30+ countries through major OEM licensing relationships with Compaq, Dell, Toshiba, Novel and Microsoft and co-founding the biometric industry standard BioAPI

Mr. Evans is and has been a member of multiple advisory boards that includes: Congressman Honda's Blue Ribbon Security Board for Home Land Security, American Electronics Executive Advisory Committee, and Comdex Advisory Board on Security and Pearl Street Ventures Advisory Board.
