

Biometric Consortium 2005 Conference

Lijun Yin

Assistant Professor

State University of New York at Binghamton

Department of Computer Science, State University of New York at Binghamton
Binghamton, NY, 13902

Phone: 607-777-5484. lijun@cs.binghamton.edu

Topic: A Genetic Algorithm Based Feature Selection Approach for 3D Face Recognition

Biography: Dr. Lijun Yin is a director of graphic and image computing lab of SUNY Binghamton. He joined the Department of Computer Science as an assistant professor in September 2001. He received Ph.D. in 2000 from University of Alberta in Computer Science. Before joining in SUNY Binghamton, he worked in Chyron Corp. and InfiMed Inc. in NY. His research focuses on the realistic face/body modeling, analysis recognition and animation (or synthesis), motion tracking in computer vision, and biomedical image processing and visualization. His current work is supported by the NSF and SUNY Upstate Medical Center in Syracuse. He has published over 40 papers in journals and leading conferences of the field.
