Topic: Introduction to Biometrics Performance Testing and Reporting Panel

Biography: Mr. Neumann has over 30 years experience working on standards for Information Technology and Communications. He is currently working for the Department of Homeland Security as a Special Consultant on Biometric Standards, and is chairman of M1.5 Task Group on Performance Testing and Reporting. He is also editor of ISO WD 19795-5 (Performance Testing and Reporting for Access Control) and ISO CD 24713-2 (Biometric Profile for Airport Employees). He serves as US Head of Delegation to SC37 WG4 on Biometric Profiles and as back-up Head of Delegation to SC37 WG 5 on Biometric Performance Testing and Reporting.
