

Mr. B.B. Nanawati

**Deputy Director General,
Unique Identification Authority of India
Planning Commission, Government of India**

Mr. B.B. Nanawati was born in India and studied Masters in Science and Humanities. He joined Indian Civil Services in 1983. He has over 14 years of experience in Programme Management and implementation of large and complex e-Governance projects in Government domain.

He specialises in designing and implementation of large e-governance projects in public-private partnership mode, managing large multiple teams, process capability in outsourcing of noncore governmental functions and public procurement in Information Technology domain. He is an expert in public procurement policies, financial rules and processes, business rules, government tendering and contract finalization. He was also Project-in-Charge for implementation of one of the largest IT project in the field of Taxation, in Ministry of Finance, Government of India.

Presently, working as Deputy Director General (Technology) in Unique Identification Authority of India (UIDAI), he is in charge of Programme Management for Technology for allocating Unique Identification Number to all residents of India. This involves state-of-art biometric detail capture in a large-scale identification program which will involve more than 1.2 billion residents of India.
