

Information Technology Laboratory

Dr. Susan F. Zevin
Acting Director

NIST/ITL - ENABLING A BETTER FUTURE

Enabling Technologies

- Information Access and Usability
 - Retrieval
 - Interoperability
 - Human language
- Software
 - XML Technologies
 - Conformance test development
 - Pervasive computing
- Security
 - Critical Infrastructure Protection
 - Encryption standards
- Convergent Systems
 - Content Encapsulation & Decapsulation
 - Information Storage
 - Integrated Systems
 - Image Quality
- Mathematics and Statistics
 - Key comparisons
 - Data mining
- Networks and Communications
 - Service discovery
 - Self-healing networks
